EXPERIENCE

RM Technical Services (RMtek) Winkelhaid, Germany
Werkstudent Jun 2025 – Present

- Launched bilingual (DE/EN) JTL-Shop webshop from scratch with ~2,000 articles and descriptions
- Configured payments, shipping, notification emails, product filters and mobile layout for the shop
- Restored crashed webshop in 2 working days after crawler traffic; moved it behind Cloudflare
- Fixed a week-long company email outage by diagnosing and correcting the SMTP configuration
- Built Python pipeline (JTL-Ameise) delivering weekly customer data via email and FTP
- Published a colour-coded, searchable overview of drives the company can build in-house for customers
- Built PHP/SQL page giving offsite service technicians product documentation in one place
- Created JTL-Wawi workflows (warehouse dispatch emails), product attributes and templates
- Moved manufacturing BOM from Excel into JTL-Wawi; set up JTL cloud shipping and wrote a user guide
- Designed custom DotLiquid eBay template; manage listings via JTL and research pricing
- Set up Google Analytics, Tag Manager, Merchant Center and Bing Webmaster Tools to improve SEO

Hutchison Ports Pakistan Karachi, Pakistan
Senior Planner Jan 2023 – Jul 2024

- Co-managed workload allocation for a team of 6 planners alongside the team lead
- Final-checked vessel plans (special cargo, crane clashes, weights), keeping shuffles below 2%
- Supported HPJZ Jazan go-live: tested and configured the TOS, wrote its manual, planned first vessels
- Tested new terminal operating systems, reported bugs and wrote supporting documentation
- Produced daily yard reports for CEO and department heads
- Did berth planning and yard allocation to reduce yard truck congestion
- Edited BAPLIE and MOVINS EDI and coordinated special cargo with business units and captains
- Trained planners on YICT and HPJZ procedures, including outage and backup protocols

Planner Jul 2021 – Dec 2022

- Planned vessels of 2,000+ containers, typically completing a full plan in under an hour
- Rated top planner of the year in formal performance rating system
- Selected for 4-person special team planning for YICT, China
- Devised new all-bays overview planning method
- Trained and mentored new planners

Trainee Planner Jan 2020 – Jun 2021

- Finished top of trainee batch in structured training programme with assessments and certification
- Managed planning desk onsite largely alone during COVID-19 lockdown
- Developed personal quality checklist system, later used for training

EDUCATION

Friedrich-Alexander-Universität Erlangen-Nürnberg — Nuremberg, Germany
Master of Science, International Information Systems — Oct 2024 – Expected Early 2027

Institute of Business Management — Karachi, Pakistan
Master of Business Administration, Logistics & Supply Chain Management — Sep 2021 – Dec 2023

Iqra University — Karachi, Pakistan
Bachelor of Business Administration — Aug 2015 – Aug 2019

RESEARCH & PROJECTS

- Capstone Project 1: Forecasting LNG and its Impact on Port Traffic in Pakistan
- Capstone Project 2: Application of Value Stream Mapping: A Case Study of An Automotive Industry
- Thesis: Generation X and Y: Impact of Work Attitudes and Work Values on Employee Performance (published in peer-reviewed journal)
  *Usmani, S., Asif, M. H., Mahmood, M. Z., **Khan, M. Y.**, & Burhan, M. (2019). Generation X and Y: Impact of Work Attitudes and Work Values on Employee Performance. Journal of Management and Research, 6(2), 51–84. doi.org/10.29145/jmr/62/060203*
- Research Seminar paper on IT and AI Self-efficacy: cross-sectional study on success attribution, task performance and imposter syndrome
- Research Seminar paper on Immersive Retail Technologies
- Research Seminar paper on Intellectual Property in Venture Capital Financing
- Dashboard in Celonis for process analytics and discovery case study

SKILLS & INTERESTS

ERP: JTL-Wawi (administration, workflows, JTL-Ameise, eBay integration, cloud shipping), JTL-Shop, DotLiquid, SAP basics (PP, SD)
Web & Infrastructure: Cloudflare (bot protection, WAF, rate limiting), FTP, SMTP, server log analysis, responsive web design, Google Analytics, Google Tag Manager, Google Merchant Center, Bing Webmaster Tools, SEMRush
Programming (Vibe Coding): Python, PHP, SQL, HTML, JavaScript, Cypher, PyCharm, Git
Data & Analysis: Excel (macros, data cleaning, transformation), Google Sheets, Microsoft dashboards, Trello, Celonis, R, EViews, SPSS, SmartPLS
Port Operations: Vessel stowage planning, pre-planning, crane work plans, yard and berth planning, container allocation, special cargo (reefer, DG/IMDG, OOG, break-bulk), BAPLIE and MOVINS EDI, terminal operating system configuration
Methods: ERP administration, process automation, process mining, software testing and bug reporting, root cause analysis, technical documentation, video manuals, pricing research, system migration
Research & Writing: Quantitative and qualitative research, regression, systematic literature review, survey design, academic writing, book outlining, editing
Language: Urdu (Native), English (C1), German (B1 in progress)
Interests: Hiking, Reading, Films, Gaming, Gardening, Cooking
